OUTLINES.

The battleship Louisiana with President Roosevelt on board sailed early yesterday from Ponce for Hampton Roads.——Owing to the stir created by the negroes in Chicago, Senator Tillman's lecture there will be "Shall the United States annex Cuba?"——The negro judge elected on the Republican ticket in Chicago has been counted out.——Thirteen people were killed and both vesels were badly injured Wednesday night when the big steamship Kaiser Wilhelm der Grosse and Orinoco were in collision.——The United States the past year built 1221 vessels and a great improvement is predicted for this year.——More of the negro soldiers at Fort Reno, Okla., were dismissed yesterday in connection with "shooting up" Brownsville; sympathizers with the murderers and those who shielded them are to take the three companies North and clothe and feed them until they get employment.——The remains of Judge James Wilson, signer of the Declaration of Independence, disinterred at Edenton, N. C., were re-interred in Philadelphia yesterday with imprssive ceremonies; among the speakers was Judge Alton B. Parker.——Philander Fitzgerald, the founder of the town of Fitzgerald, Ga., and other colonies in Geargia, has been indicted in the Federal Court at Indianapolis for using the United States mail for fraudulent purposes in connection with his schemes.——In New York yesterday Judge Holt added another fine of $18,000 to the first fine of $108,000 against the New York Central for granting rebates to the Sugar Trust.——The Virginia Supreme Court has declared the two-cent railroad fare act of the Legislature to be in violation of the fourteenth amendment of the Constitution.——New York Markets: Money on call firm 5 to 7 1-2 per cent; ruling rate 6 1-2, closing bid 4 1-2, offered at 5; spot cotton 20 points lower, closing quiet at 10.90; flour steady, but dull; wheat irregular, No. 2 red 80 1-2 elevator; corn easy, No. 2 54 elevator; oats steady, mixed 39; turpentine and rosin steady.

Holland has 930 canals. We venture the tender of a wager that they were all built with less fuss and feathers than we dig any kind of a ditch.

In the mountains of Pennsylvania a married woman got the best of a bear in a fight. If her old man has good judgment he will never cease to be good.

It is now reported that Ex-Countess de Castellane whose entitles are Madame Gould since she got a divorce from Boni, is to be married to an actor. She just got rid of one bad actor.

Mr. Paul M. Brice, editor of the Columbia Record, died on Wednesday morning. In his death that esteemed contemporary loses a tireless worker, a versatile writer, and an editor of keen perception and well poised judgment. The Star sincerely regrets that the grave has opened for a man of his gifts and usefulness.

It is announced that Mabelle Gilman, the beautiful American actress responsible for the divorce suit instituted by the wife of W. E. Corey, the Pittsburg steel magnate, is to marry a wealthy English nobleman. Corey seems to have been left out in the cold after having been willing to leave his happy home for the fascinating but truant Maybelle.

Notwithstanding the suit of the Roosevelt administration to loosen up the Standard Oil Company from the 70 other oil companies which it had scooped in or organized as "wheels within wheels," Railroad Magnate Harriman is going right ahead adding other railroads to his combine. He has probably looked over the Federal court record and seen that the Roosevelt administration has chased the combines but passed over the trail of combiners.

President Roosevelt is expected home from Panama next Tuesday. Meanwhile Washington is agog with possible friction between the Chief Executive and Secretary of War Taft because the Secretary temporarily suspended the President's order dismissing without honor three companies of negro troops. Secretary Taft assumes the responsibility and as the President was out of the country at the time, Mr. Roosevelt will probably tell him that as he has held down the lid satisfactorily on other occasions he will let him off this time.

Raleigh and Pamlico Stockholders Vote Not to Consolidate With Proposed System.

THE NEWS FROM RALEIGH

Assistant Surgeon of North Carolina Naval Brigade Named—Eighteen Out of Thirty-eight Passed Examination.

(By So. Long Distance Telephone.)

Raleigh, N. C., Nov. 22.—The stockholders of the Raleigh & Pamlico Railroad, which is building from Raleigh to Washington, N. C., in called session here to-day voted to oppose the merger with the Norfolk & Southern in conjunction with the Atlantic & North Carolina Railroad and the Pamlico, Oriental & Western Railroad Company. It is expected that the Consolidated Company, which will be known as the Norfolk & Southern, will be organized in a few days with Frank S. Gannon as president. He is now president of the Norfolk & Southern road and of the company operating the A & N. C. road.

Raleigh, N. C., Nov. 22.—Adjutant Gen. T. R. Robertson, of the North Carolina National Guard, issued a commission to-day to Dr. Duvall Jones of Newbern, as assistant surgeon for the North Carolina Naval Brigade.

Eighteen out of the 38 applicants for licenses as pharmacists were successful in the examination before the State Board of Pharmacy Monday, the announcement of the successful ones being just announced. They were, Miss Mabel Barnhill, Bethel; W. A. Brame, North Wilkesboro; Jeff Bruce Marshall, L. C. Cannon, Ayden; J. W. Coppedge, Greensboro; A. Y. Dietz, Newton; C. P. Greyer, Morganton; D. M. Gurley, Greensboro; W. A. Hall, Fayetteville; G. W. Hill, Wilmington; Reginald Hamlet, Raleigh; L. M. King, Greensboro; E. W. Martin, Wadesboro; Edwin Nowell, Greensboro; G. L. Robinson, Lincolnton; D. W. Tart, Dunn; H. E. Thrower, Weldon, J. R. Trotter, Reidsville.

State Superintendent of Public Instruction J. Y. Joyner, says that while in Greensboro, he and Mr. A. M. Scales and Dr. Brooks made a five hours canvass of the city Monday in the interest of the fund for the bronze statue to Dr. Charles D. McIver and that in that short time they raised the creditable sum of $1,700 this too, despite the fact that they were unable to see a number of the best citizens who are sure to contribute later.

SOME WESTERN FARMERS.

Party of Forty-five Illinois People Have Arrived Here.

A party of forty-five intelligent, industrious Illinois farmers arrived in the city on the late train from the South Wednesday night and are having a look over the lands of the Carolina Trucking Development Company in this section with a view of locating here. Mr. Clarence L Fisher, of St. Louis, Mo., Western Agent of the Carolina Trucking Development Company, organized the party and upon their arrival here were taken in charge by local officials. They were entertained Wednesday night at The Purcell and yesterday were given a trolley ride to the Sound and an oyster roast at Lumina. Today they go out on the W. C. & A. railroad to visit Artesia, the new colony of settlers near Lake Waccamaw.

North Carolina would be pleased to welcome settlers of the type included in the Illinois delegation and the Star hopes that they may find things agreeable to them here. A number of them have already decided to settle in this section while others are merely prospecting. Some of them at least will return to Illinois in a day or two and will perhaps return with their families.

HONORED HIS MEMORY

ains of Late Judge Oliver Pendleton Meares Laid to Rest in Oakdale Yesterday Afternoon —Services From St. James.

Distinguished honors were yesterday afternoon at 3:30 o'clock paid by the people of Wilmington to the memory of the late Judge Oliver Pendleton Meares, who entered into rest Wednesday evening at 5:25 o'clock at his home on South Third street, this city. The funeral services were conducted at the hour first named from St. James Episcopal church, the Rev. R. W. Hogue, rector of the parish, officiating. The attendance upon the obsequies was very large, including comrades of Judge Meares in Cape Fear Camp, United Confederate Veterans, who assembled at the armory shortly before the hour for the services and attended in a body in uniform. It is probable that no more distinguished body of Wilmington people has gathered upon a similar occasion in a decade than were present to pay a last sad mark of respect to their fellow citizen. The services were highly impressive according to the beautiful rites of the Episcopal church. The floral offerings were many and very handsome.

Following the services in the church the long funeral cortege moved slowly to Oakdale cemetery where all that was mortal of the distinguished citizen was committed to earth in the large family lot in that beautiful burying place.

The honorary funeral escort was composed of Col. Wm. L. DeRosset, Col. John Wilder Atkinson, Col. Alfred M. Waddell, Col. John D. Taylor, Capt. Alves Walker, Mr. Junius Davis, Mr. James Sprunt and Dr. Thos. S. Burbank, while the active pall-bearers were Dr. Thos. M. Green, George Rountree, Esq., Brooke G. Empie, Esq., Mr. William Latimer, Mr. George W. Kidder, Mr. Jos. H. Watters, Mr. J. W. Murchison and Mr. William B Thorpe.

FUNERAL OF MRS. GREEN.

Conducted Yesterday Morning From St. Thomas Catholic Church.

Solemn Requiem High Mass for the Repose of the Soul of the Dead was celebrated impressively yesterday morning at 10 o'clock in St. Thomas Church over the remains of the late Mrs. Robert Green, whose death Tuesday night was such a great shock to the community. Father Dennen was assisted in the solemn services by a large number of visiting priests who were with him for Forty Hours devotion. A large number of friends attended the service and many beautiful floral designs were laid upon the casket.

The interment was in Oakdale cemetery, the pall-bearers having been: Honorary, Drs. C. T. Harper and W. D. McMillan and Messrs. James Madden, Martin O'Brien, Timothy Donlan and Thomas Torpy. Active, Messrs. John J. Furlong, Michael Carroll, D. Quinlivan, Michael Griffin, Otto Banck and Michael Sullivan.

THE BEN GREET PLAYERS

Cultured Audience Carried Away With Shakespearean Drama.

A large and cultured audience at the Academy of Music last night was delighted with the production of "The Merchant of Venice," as put on by Ben Greet's Players from England. It was Shakespeare as Shakespeare would have it played, and the novelty was appreciated by worshippers at the shrine of the Bard of Avon. The scenery is copied from an old print of Middle Temple Hall, London, where so many of the plays were acted in the Elizabethan period. The costumes were scrupulously correct and elaborate, according to those competent to judge such matterss. Many pronounced the presentation last night the best that they had ever seen of "The Merchant of Venice." There is not a poor or indifferent actor in the cast and the play has been well summed up as a unity. The "Shylock" of Mr. Greet and the "Portia" of Miss Scott brought out the full possibilities of the piece. The production here was under the auspices of the Sorosis for the benefit of the public library, but aside from that, it is a pity that the house was not larger.

Death of Ellis Benjamin.

Justice Borneman yesterday received from Florence, S. C., the official death certificate of Ellis Benjamin, the young negro assaulted at the compress some weeks ago by Joe Murphy, colored who is now in jail here. The certificate was attached to the papers to be sent over to the Superior Court by Justice Borneman. The cause of the death is given as "rough treatment at Wilmington, N. C."

CAR LINE EXTENSION

Property Owners in Southern Part of City Want Service in That Vicinity.

PLEDGES BEING CIRCULATED

Proposed Subsidy of $5,000 For Line From Front and Castle to Third and Kidder Streets—Form of Agreement Proposed.

The extension of the street railway line to the extreme southern section of the city is now a burning issue with property owners in that vicinity. This is especially desirable in view of the number of industrial plants that are being established in that section and the desirability of developing certain lands around Greenfield mill pond for park purposes. The company itself will not extend the line without co-operation of property owners in that neighborhood, claiming that the travel will not meet the interest on the investment and the property owners, or at least a part of them have started a movement to raise $5,000 as an inducement to get the company to extend the line from Front and Castle streets to Third and Kidder, which is the extreme boundary of the city. The proposition, it is understood, is meeting with favor from only a part of the property owners in that section, but it is said that enough of them are interested to ensure the success of the movement.

Blank forms reading as follows are being circulated among the property owners carrying with it an agreement as follows:

Wilmington, N. C., ..., 1906.

In consideration of an agreement by the Consolidated Railways, Light & Power Co., to extend their street railway line from Front and Castle streets to Third and Kidder streets, upon the payment of the sum of five thousand ($5,000.00) dollars, with a guarantee of a further extension when the adjacent property is sufficiently developed, I promise to pay to the Carolina Savings & Trust Co., trustee, or its assigns, the sum of ..... Dollars, one-half to be paid when construction of the line has been commenced and the balance on completion of the road. As security for the payment of above note, I hereby assign, transfer and set over to above Trustee, or its assigns, all my right, title and interest in property located in Block No. —— in the City of Wilmington, N. C.

This note to be null and void if road is not completed and in operation within one year from this date.

THROWN FROM HIS BUGGY.

Mr. Rouse Painfully But Not Seriously Injured Early Last Night.

Mr. Rouse, who conducts a saloon at Eleventh and Market streets, was thrown from his buggy and painfully but not seriously injured early last night, on Front near Market street. Mr. Rouse and Mr. W. F. Stolter were driving in a buggy down town and in passing the store of W. Munroe & Co., a lot of building material was piled in the street from the work going on at that place. Mr. Rouse was bruised in several places quite severely, making it necessary for him to be taken to the hospital in the ambulance which was summoned. Mr. Stolter was not injured.

Joke on the Doctor.

They're telling a good one on a certain down town physician or specialist who has a room over his office in one of the buildings not a hundred miles from Front and Chestnut streets Wednesday night he was sleeping so soundly and snoring so loud that the policemen on the beat were attracted by the noise and thinking that some one was breaking in they rushed pell mell up the steps to catch the supposed burglar. They were quite as much chagrined as the doctor when the real cause of the trouble was made known.

Florida Orange Shipments.

Mr. W. F. Miza, repreSehting the large wholesale produce commission house of J. & G. Lippman, of New York, is in the city on his way to look after shipments of Florida oranges to his house, which handles much of the Eastern North Carolina truck. Mr. Miza says that the Florida orange crop this year is estimated the heaviest on record and that already the transportation companies are chock a block with the movement. It is expected that the Coast Line will handle out of Florida this season something like 13,000 cars and that the Seaboard will handle between 4,000 and 5,000.

COMMITTEES NAMED

Chamber of Commerce Will Assist in Several Public Undertakings—Annual Banquet Planned For January—Other Matters.

Several important Chamber of Commerce Committees were appointed yesterday growing out of the general meeting Thursday morning at which a number of matters of interest were discussed and referred. Chief among the committees named yesterday was one by the Executive Board to arrange for the annual banquet of the Chamber, which will probably take place about the middle of January. The same committee which so admirably planned the banquet last year, was named again and is composed as follows: Mr. L. B. Rogers, chairman; Messrs. I. M. Bear, M. F. H. Gouverneur, John H Rehder and Col T. C. James. Several prominent speakers will likely be invited for the occasion and the success of 1905, if anything, will be excelled.

The proposed agricultural and truck fair in Wilmington in the Spring, which has been heartily endorsed by the Chamber of Commerce, will be promoted in behalf of the body by a committee composed of Messrs. William E. Worth, James H. Chadbourn, I. M. Bear, B. F. Keith and Z. W. Whitehead. It is proposed to get the Legislature to grant an increased appropriation for the Fair and this matter will be handled by the committee before the General Assembly

Delegates to the Inland Water Way Association which meets in this city next Tuesday were named as follows: Messrs. H. W. Malloy, H. G. Smallbones and William Calder.

To co-operate with the survivors in their effort for a great National Reunion on the grounds of Fort Fisher in January of the new year, the following were named: Messrs. J. C. Stevenson, Ike Bear and Col. Walker Taylor. It is proposed to have President Roosevelt here on that occasion and the Northern veterans have promised to join in the invitation to the Chief Executive.

THE LOCAL STEAMBOATS.

Supervising Inspector Here Yesterday—A Boiler Condemned.

Col. J. W. Oast, of Norfolk, supervising inspector of this district of the service, spent yesterday in the city with Local Inspectors Rice and Borden, of Charleston. The City of Fayetteville was inspected during the day as was also the Tar Heel, of the Tar Heel Steamboat Company which has been laid up some time here for repairs. The City of Fayetteville successfully passed the inspection but it is understood that the boilers of the Tar Heel were condemned by the Supervising Inspector.

Col. Oast, it is learned, was here inquiring into the conditions as to the matter of requiring two sets of crews on the river boats operating more than 12 hours. It seems that the matter has not yet been finally settled.

FALL LETTUCE SHIPMENT.

Several Car Loads Have Gone Forward —The Prices.

East Wilmington growers are now cutting and shipping Fall lettuce in large quantities, several car loads having already gone forward during the past several days. The prices are ranging very satisfactorily, the larger markets yesterday quoting from $2.00 to $2.50 per basket for the best stock. Several cars of Wilmington lettuce will go forward Saturday for Monday's market. The Thanksgiving shipments will be quite heavy and better prices are expected by the growers.

CHANGES AT THE ORTON.

Mr. J. Norwood Huske Succeeded By Joseph E. Everett.

Mr. J. Norwood Huske, for the past several years head book keeper and cashier at The Orton, has resigned that position and is succeeded by Mr. Joseph E. Everett, lately with the Cape Fear Machine Works. Mr. Huske has not yet decided in what he will engage. Mr. Everett is already acquainting himself with the duties of his new position and is being cordially greeted by his friends at The Orton.

The New Tourist Hotel.

In view of the expiration of the option on the Moore and Hanby properties at Second and Chestnut streets, the committee from the Chamber of Commerce which was appointed some time ago to promote the movement for a new tourist hotel in Wilmington, at the location named, will make a canvass of the city next week for subscriptions to the stock of the company. Mr. W. A. Dick, chairman of the committee and the leader of the movement for the new hotel, speaks very sanguinely of the prospects.

AS TO WATER WORKS

Board of Audit and Finance Deferred Action on Report of The Commission.

THE MEETING LAST NIGHT

Thought Best to Wait for Legislative Action—Deep Wells Also Held Up By Contractor—Attorneys' Fee Settled—Other Matters.

While remaining on record as favoring the municipal ownership propaganda, the Board of Audit and Finance of the city last night at its regular meeting tabbooed the deep well proposition as a source of supply, holding that the expenditure of $3,500 as an experiment before the matter has been even submitted to the people, on a question of bond issue, would be premature and unwise. It will be remembered that the matter came over from the Board of Aldermen at a former meeting, but the matter was postponed for a full meeting of the Board. The Board of Aldermen, by a divided vote, had adopted the report of the Water Commission calling for the sinking of deep wells on lands donated by Messrs. Willard and others, after a heated discussion, and it was then up to the Board of Audit and Finance to approve the appropriation so that the work could be gone into at once.

Chairman Johnson, of the Commission, was not present at the meeting last night to advocate the report, being confined to his home by illness and there was very little general discussion of the question, a majority of members of the Board expressing the opinion that it would be well to wait until the Legislature meets in January and provides the necessary machinery for putting the municipal ownership plan to the people for a vote on the question. While the contract for the proposed wells called for half a million gallons of pure water per day the Board was not willing to accept the system of deep wells as a source of supply for a city plant until an expert had passed on the question. It was pointed out that there was nothing to be gained anyway, by a brief postponement and therefore the action above named was taken.

There were present at the meeting last night Chairman McQueen and Messrs. Yates, Wilder and McNair. The communication of the Board of Aldermen with reference to its action at the afternoon meeting upon the petition of the Society of Colonial Dames was transmitted in an official communication from City Clerk Fowler and the same was unanimously approved to the amount of $300 or so much thereof as is needed.

Mr. T. W. Callahan, contractor for the five deep wells in different parts of the city, was present and stated that he desired to withdraw from his contract. One of the proposed wells was to be at Front and Red Cross streets and the apparatus for sinking the well is already on the grounds. The Board saw nothing else to do than to release Mr. Callahan as he asked. It was later stated by Alderman Price a member of the Water Commission, that the action of Mr. Callahan was inspired by some misunderstanding that he had with Chairman Johnson, of the Committee. These wells have nothing to do with the municipal ownership plant, the Board having agreed to an appropriation for sinking five wells like the one in the City Hall yard in different parts of the city for the benefit of the inhabitants. The contract was $150 each.

Recommendation of the Finance Committee of the Board of Aldermen that Messrs. William J. Bellamy, Empie & Empie and John D. Bellamy & Son be paid $500 for their services in the suit of City of Wilmington vs E. K. Bryan, involving the back tax matter, was concurred in. The attorneys had rendered a bill to the Board of Aldermen for $750 and that Board referred the matter to its Finance Committee with power to act.

Chairman Price of the Library Committee, was present and secured from the Board certain concessions in the way of the time for the beginning of the librarian's salary, dating the same back to September 15th.

Alderman Price also submitted a tentative plan for the wiring of the two upper floors of the City Hall building for electric lights at a cost of $215. Action upon the matter was postponed as the plan provided no fixtures and the like.

The Board after passing numerous bills for current expenses adjourned sine die.

Advertisements for the Sunday edition should be sent to this office not later than 12, noon, Saturday.

JUDGE MEARES.

The death of Judge Oliver Pendleton Meares in Wilmington on Wednesday takes from our midst a distinguished citizen who occupied a unique position. He belonged to that type of Southerners who received their inspiration from the ante-war period, and was one of the few remaining in North Carolina. He was a men of conspicuous ability, and there was about him that dignity and high sense of honor that so characterized the old Southern gentlemen. In his case it was unassumed; it was natural and it was from one day to another during his life time. He was one of those men whose integrity was of the unimpeachable character that pelf and place could not affect, and whose his life time. He was one of those his city and State.

A METHODIST COLLEGE FOR MAXTON.

The good town of Maxton is congratulated upon its selection as the site of the college for young women to be established and conducted under the auspices of the Fayetteville and Rockingham district conferences of the North Carolina Conference, M. E. Church, South. The decision was made on Tuesday at Maxton where the committees of the two district conferences met to decide upon the location of the college, and receive propositions from the towns anxious to secure the new educational institution. Delegations from Fayetteville, Sanford, Hamlet, and Red Springs appeared before the committee with propositions. Hamlet offering a building lot free and $12,000 in cash, and the other towns made liberal offers. Maxton tendered a site valued at $2,500 and $15,000 cash, and after duly considering the advantages of all the towns under consideration, the committees decided that those of Maxton outweighed all the others. That flourishing town will therefore be recommended to the conference as the location of the college.

It appears that the new college is to be a much more pretentious institution than the casual mention of the enterprise heretofore indicated. It is announced that the Methodists will build a college second to none in North Carolina and that about a quarter of a million dollars will be expended upon the institution. Naturally the Maxton people are delighted at having secured the prize, and no doubt it will be of immense advantage to the community both as a business proposition and the educational up-lifting of the community. All the competing towns were good ones, Maxton's success in winning is, therefore, all the more noteworthy.

A $20,000,000 CONTRACT.

Nothing speaks so emphatically and effectively for the development of this part of the South than the fact that it has become a matter of necessity to double track the main lines of railway traversing our country. The necessity for double track lines indicates how enormously transportation from our States has developed and as a matter of course it all comes about as a result of the vast increase of production from our factories and farms. These reflections were induced by the announcement that on Tuesday at Charlotte the Southern Railway awarded a contract for double tracking the Atlanta and Charlotte division, once known as the "Air Line." In order that the magnitude of the enterprise may be properly appreciated, we take from yesterday's Charlotte Observer the following:

"The one topic of conversation in local railway circles yesterday was the big contract let by the Southern Railway Company to Oliver Brothers of Knoxville, Tenn., for the grading, straightening and double-tracking the main line between Charlotte and Atlanta, Ga. The amount involved in the contract and the time required to complete it, were the two questions most frequently asked. It is given on good authority that the contractors have five years in which to finish their work and that over $20,000,000 is involved. The present line is 267 miles in length. According to the new plans and specifications this line is to be worked over from start to finish. Where needed, the grades are to be reduced, the fills raised, new ties put in, the track straightened and the bed generally improved. Tracks will run side by side and will be ballasted similar to those of the great systems of the North. Every device known to science will be utilized in making the road as near perfect as possible. The straightening of the line will necessarily result in some smaller towns along the route being left high and dry. The surveys, however, have been made with a view to discarding as few as possible.

"R. F. Rivinac & Company, sub-contractors operating in connection with Oliver Brothers, who are now engaged in building the new Southern freight yards near the junction north of the city, will begin work on the double-tracking of the main line south from Charlotte as soon as the machines and supplies may be received. This will be some time next month.

"The work on the freight yards will be pushed night and day, beginning the first of next week. There will be between 600 and 800 hands employed, divided in day and night shifts. It is estimated that the yards will be ready for use some time next fall.

"In the office of the register of deeds of Mecklenburg county, there is the biggest deed on file which has ever been recorded in the State. It is for $200,000,000. Copies have been filed in every county in the State through which the Southern lines run. A large part of this immense sum is being used in betterments, such as the double-tracking of the system, the purchase of additional rolling stock, enlarging the terminal facilities and making other improvement.

"In magnitude, the contract with Oliver Brothers surpasses anything that has happened recently having any connection whatever with Charlotte or Piedmont Carolina."

The significance of a contract like that give out at Charlotte is two-fold—the most important one that the South is no longer a one track country and the other that the tremendous expenditures of money to accomplish the improvements is to go into the business of this section.

Piles Cured in 6 to 14 Days.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

There is a good job waiting for men and women with brains. They must hustle all the time. Why not become a hustler by taking Hollister's Rocky Mountain Tea? Tea or tablets, 35 cents. J. Hicks Bunting Drug Co.

ANOTHER WONDER OF SCIENCE

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GARDIN'S PHARMACY, Special Agent.

DANDRUFF

Is your hair coming out by great combsful? Every combful causing a pang of fear for the future.

Does a white trail of dandruff sift over shoulders?

One bald spot has already appeared. You manage to hide it. but it is spreading rapidly.

Is the hair you have left turning gray or fading and makes you look old and homely when you are still young?

Have you tried many restoratives that gummed your hair into a sticky mass—but accomplished nothing else?

Then Rexall "93" Hair Tonic is the remedy you need.

Rexall "93" Hair Tonic is wholly free from grease or sediment, and will neither gum the hair nor soil the clothing or pillows. It is clear and clean.

Rexall "93" Hair Tonic stops falling hair and permanently banishes dandruff.

It does this by destroying the cause—the *microbes*.

Rexall "93" Hair Tonic will quickly cover the bald spots with a vigorous growth of hair. We guarantee to grow hair on all heads where a spark of life remains in the roots and where the follicles have not grown over. It makes a delightful dressing, and keeps the scalp clean and healthy.

We sell a large bottle for fifty cents that we guarantee to do all we have claimed or refund your money.

A REASON

The United Drug Company, manufacturers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. This is an age of specialists. You don't contract with a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles.

Oftentimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail together and build the house. This is just what The United Drug Company is doing for you in the medicine line. They have cut down profits; they manufacture Rexall remedies for over 2,000 retail druggists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient.

Could The United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall preparation and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund you your money if they do not benefit you.

Asked to Make Search For Relatives.

—Salisbury, Nov. 21.—Postmaster Ramsey has received a message from the postmaster at Darcy, Arkansas, asking him to make a search for relatives of W. E. Basinger, who was murdered at that place 10 days ago. The letter declares that the writer is disinterested altogether and that its only purpose is to do justice by the relatives of the deceased. Mr. Basinger was a man of property, and the message declared that there was danger of his losing it unless friends took it up with the family here. Mr. Ramsey at once started an investigation resulting in the disclosure that Mr. B. Parks Basinger, of Morgan township, is the father of the murdered man, who was about 40 years of age and unmarried. The senior Basinger had a letter from his son about a week ago and he had recovered entirely from a pistol shot wound received some months ago. He will at once investigate the murder which is entirely mysterious now and of which he knew nothing until to-day.

Freight Train Wrecked.

—Winston-Salem, Nov. 21.—Six cars of a freight train which left here at 12:30 to-day for Greensboro, were wrecked near Colfax. Elias Fulp and Frank Newell, two white boys from Kernersville, who were hoboing, were struck by one of the cars and badly injured. The crew of the wrecked train report to-night that a white boy is under one car, crushed to death. is name has not been learned. The two boys injured were brought to the hospital here on a special. The wreck is one of the worst that has ever occurred on this line. The track is torn up for some distance.

More than Twenty-two Million

Dr. Edward's Tablets and Pills have been purchased during the past two years. Somebody must be pleased with the results obtained by using them. Hadn't you better try them yourself? It will not cost you a cent to obtain a trial package from the drug store named below.

We do not claim that they will cure every disease, but we do claim that they are the best known remedies for the following troubles:

The Tablets cure
Rheumatism
Kidney Trouble
Liver Trouble
Dyspepsia
Constipation

The Pills cure
Stomach Trouble
Bowel Troubles
Liver Trouble
Kidney Troubles
Constipation

All these troubles react one on the other. A deranged Stomach produces a weak Heart. A diseased Liver brings on stomach trouble, biliousness and constipation. Overworked Kidneys permit an excess of uric acid in the blood and then you have Rheumatism and may be Bright's Disease and Diabetes.

Don't take any chances, but get a trial package of Dandelion Tablets without delay.

ROUSTING THE VAGRANTS.

Police Hot on Their Trail—Pool Room Raided Yesterday.

The police are still "hot-footing it" after vagrants. A number of them have been convicted and sent to the rock pile from the Mayor's court within the past week, but the most successful haul yet made is believed to be that made yesterday afternoon by Officers C. G. Jones, C. E. Wood and and E. J. Grimsley when they raided a negro pool room at Sixth and Brunswick streets. Seven stalwarts loitering about the place. Eugene Alston, James Bennett, Ed Dudley, Tom King, Robert Hendricks, H. Pollock and Zollie Pearsall fell into the net of the police and will tell their story to the Mayor to-day at noon. Officers Wood and Grimsley sent in two others from Fourth and Brunswick a little later in the afternoon. They were Fred Lloyd and Zach Pollock.

Conductor McGlaughon Injured.

Mr. D. H. McGlaughon, a freight conductor of the Coast Line, with head quarters in this city, was painfully hurt at Wilson, N. C., night before last. He was walking past a switch lamp when a piece of scantling protruding from a flat car knocked the stand over on him, painfully injuring his knee. He came home yesterday morning on the train from the North and went to hi home at 709 Grace street where he is doing as well as could be expected.

Young Boy Dead.

William Noah Hobbs, ten years old, a son of Mr. and Mrs. W. I. Hobbs, of Folkstone, N. C., died Wednesday night at the home of Mr. Darden, No. 707 South Front street, where the little fellow had been under treatment for a complication of diseases. His father and mother were with him when he died and accompanied the remains to Folkstone for interment yesterday afternoon.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. R. Bellamy, druggist.

LOCAL DOTS.

—The regular monthly meeting of the New Hanover Teachers' Association will be held to-morrow morning in the Cape Fear Academy building. A large attendance is hoped for.

—By deed filed for record yesterday The Winter Park Gardens Company transferred to John Heritos for $10, and other considerations, six acres of land adjoining the town site of the company on the suburban line of the Consolidated Company.

—The police headquarters and room of the Board of Audit and Finance at the City Hall have been supplied with arc lights while the gas supply is gone. The Aldermen speak of having the entire building wired for electric lights.

—The Star is requested to say that the Larkin's Soap Club was delightfully entertained yesterday at the home of Mrs. C. F. Seitter, on the Castle Haynes road. There were a large number of ladies in the party and all were delightfuly entertained.

—It will be disappointing to many to know that Paul Gilmore in his new play "At Yale" will not be seen at the Academy of Music this season. Although Mr. Gilmore is a prime favorite with Wilmington theatregoers, it will be recalled that circumstances were such that his last two appearances here were not financially successful and for this reason Mr. Jules Murry, his manager, did not book the attraction for this city this season.

—The bar of the city will meet this morning at 11 o'clock at the office of Col. John D. Taylor at the Court House for the purpose of arranging the calendar of cases for trial at the one-week term of New Hanover Superior Court convening December 3. Judge E. B. Jones will preside and this will be his last term for the circuit at Wilmington. Judge Long presides at the term of the criminal court beginning January 21.

"THE FOUR PICKERTS."

Return of Poular Price Entertainers All Next Week.

The Thanksgiving week attraction at the Academy of Music will be the Four Pickerts and the company which is well remembered here, having played a highly successful engagement at the local theatre two years ago, is said to be better than ever. A repertoire of the latest successes is being presented and the specialties are all new and up-to-date, including the Pickerts in some clever and snappy dance sketches. Miss Blanche Pickert will present her most popular vaudeville turns. Monday night the company will open its engagement with a fine performance of "In Oklahoma" which is a bill new to Wilmington and one of much heart interest, as well as splendid comedy. Seats for this performance wil be on sale to-morrow. The company will give a special Thanksgiving matinee.

HELEN GRANTLEY TO-NIGHT.

"The Little Gray Lady" a Story of Department Life.

One of the dramatic novelties of the year is promised in the engagement of that beautiful young actress Helen Grantley, with her appearance at the Academy of Music to-night in the new and successful play, "The Little Gray Lady," called by the New York critics the great love play, written by Channing Pollock.

The praise bestowed on it while at the Garrick Theatre and the Majestic Theatre have not been approached by that given any other play this season. The reason is not far to seek. "The Little Gray Lady" contains every element that makes for success in a play. As already intimated, the love factor is very strong. Its comedy is no less delightful, its human interest is enthralling. The types and incidents of the play were taken from real life. Every little incident as well as every emotion is easily recognized by the spectators as all have experienced themselves. The story deals with departmental life in Washington. Most of the characters are employed in the Redemption Bureau of the United States Treasury and the plot hinges upon the unique and clever way in which one of them makes a hundred dollar bill. This youth is loved by Anna Gray, the "Little Gray Lady," and she in turn is loved by Sam Mead, a secret service agent, whose business it is to hunt down the criminal. The latter committed his deed out of infatuation for the extravagant, flirtatious daughter of the keeper of the boarding house at which most of the persons involved live. The way in which the tangled skein is straightened out is highly dramatic. Seats now on sale.

Y. M. C. A. Notes.

There will be a game of football at Hilton Park this afternoon between the Young Men's Christian Association Juniors and the boys from the High school. Both teams have been practicing hard for the game and it promises to be very interesting from every standpoint. Mr. E. C. Hill will referee the game. The other officials have not yet been selected.

HELD FOR SUPERIOR COURT.

Negro Chased by Citizens Wednesday Night—Other Cases.

Peter Griffin, alias "Boodler" the young negro who led the citizens such a hot chase around Front and Princess streets Wednesday night when he was discovered breaking into the store of Julius P. Taylor, was arraigned in the Mayor's court yesterday and admitted being in the place, but excused himself from "breaking in." The evidence against him was bang up, and he went to jail in default of $100 bond for his appearance at the January term of the Superior Court. Alexander Holloway, a companion of Griffin's, was arrested on a charge of being implicated in the robbery, but he proved an alibi and was released.

Mary Murphy, colored, charged with disorderly conduct, was fined $5 and costs by the Mayor. D. Russ, indicted for shooting a pistol in the city limits ,was found guilty but judgment was suspended. Weston Prince, a half-witted negro, was sent over to the county authorities for an examination by a commission of lunacy. Cotler Caldwell, a negro charged with vagrancy, proved that he had legitimate employment and was discharged.

THE MURCHISON NATIONAL.

All the Additional Stock Taken—Half Million Capital Now.

The additional shares of the Murchison National Bank stock recently authorized by the Board of Directors and approved by the stockholders in special called meeting in this city have been all taken and the capital of the institution is now $500,000, all fully paid in. It is understood that no other bank in the State has a larger capital. In making the allotment of new stock preference will be given to subscribers from one to five shares.

It is unnecessary to speak further of the great progress and prosperity of the Murchison Bank. The management is keeping well abreast of the times and the bank is one of the leading factors in the development and prosperity of this section.

REVIVAL AT WARSAW.

Many Converted and the Good Work Still Going On.

Warsaw, N. C., Nov. 22:—A protracted meeting at Warsaw Baptist Church began here Saturday before the second Sunday in the month, the pastor, Rev. C. M. Rock, being assisted of Rev. Mr. Kendricks, of Mount Olive. The Christian people of all three of the churches—Baptist, Presbyterian and Methodist—have been revived as never before. To-night eight accepted Christ and joined the Baptist church making a total of 41. As we thought the meeting was about to come to a close the pastor announced preaching for to-morrow and to-morrow night. He also asked if anyone wished to request prayer for friends. Requests went up from all over the house. At this time there was a great pentecostal outpourings of the Holy Spirit.

BOARD OF ALDERMEN.

Shortest Session on Record Held Yesterday Afternoon.

The shortest session of the Board of Aldermen on record was the special called meeting of the body yesterday afternoon at 4 o'clock for the purpose of hearing the request of the Society of Colonial Dames for some needed improvements about the mounment which they have recently erected at Third and Market streets to the memory of Cornelius Harnett and the Revolutionary heroes of the Lower Cape Fear. When the request had been granted one or two members attempted to get in one or two little items of other business, but some one had made a motion to adjourn and that was not debatable. The Board would hear nothing further.

The meeting was presided over by Mayor Pro-Tem. O'Brien in the absence of Mayor Waddell, who was in attendance upon the funeral of Judge Meares. The request of the Dames was through Mrs. Luola Murchison Sprunt, president of the Society, who called attention to the need of a coping of granite between which and the monument a suitable pavement of tiling is greatly to be desired. As this part of the work is within the province of the Streets and Wharves Committee the communication was addressed to them, with the earnest request that they provide for the improvement detailed.

It was estimated that the cost of the coping and tiling would be in the neighborhood of $300 and an appropriation of that amount or so much thereof as is needed was made, the Board of Audit and Finance concurring. At its night session the latter Board concurred in the action and the work, it is presumed, will be undertaken by the Streets and Wharves Committee at once.

A Temperance Lecture.

At the First Baptist Church Sunday night Mr. A. D. Wilcox, will deliver one of his splendid illustrated temperance lectures. The members of the McKanna Temperance Club have a special invitation to attend this service. Drinking men from all over the city will be helped by hearing Mr. Wilcox. Dr. Hale says Mr. Wilcox is not a crank, nor extremist, but that he will keep his crowd awake, and will entertain as well as do them good.

WOMAN SHOOTS THREE MEN.

Miss Schneider Made Things Lively in New York.

(By Wire to The Morning Star.)

New York, Nov., 22.—Miss Otillo Schneider, 42 years of age, this afternoon fired five revolver shots at Dr. Frederick Bierhoff, two of which struck the doctor, one in the body and another in the arm, while two shots struck other men. The shooting took place in the street at Madison avenue and 59th street. Dr. Bierhoff was taken to the Presbyterian hospital, where his wounds were found to be not especially dangerous. One of the other shots took effect in the arm of Otto Groege, a lawyer, another struck Paul Sheehan in the back. Neither of the latter was seriously injured.

Miss Sscneider, who was seized by the police before she could fire a sixth shot, gave various reasons for the shooting, asserting first that she was revenging herself for alleged professional malpractice and afterward said that the doctor had stolen all the ideas for French waists which she had designed.

Later Dr. Bierhoff gave out a statement in which he said that Miss Schneider, who was a former patient of his, began to write him threatening letters several years ago, and attacked him on the street about a year ago. At his instance, Dr. Bierhoff declared the woman was taken to Bellevue hospital but later he agreed to her release from the hospital with the understanding that she was to go back to her home in Germany.

VANDERBILT DEFEATS INDIANS.

Won Foot Ball Game By 4 to 0 Against Famous Players.

(By Wire to The Morning Star.)

Nashville, Tenn., Nov., 22.—In a fierce gridiron battle on Dealy Field today Vanderbilt defeated the Indians from Carlisle by a score of 4 to 0. At the close of the first half, Blake, for Vanderbilt, made a goal from the 17 yard line which was the only score of an intensely exciting game. Four times Mount Pleasant, for the Indians, tried to drop a goal from the field, but failed. Early in the play the Indians by whirlwind rushes carried the ball to Vanderbilt's three yard line but there the locals withstood them. After this the play was largely in Indian. territory.

ROOSEVELT'S HOMECOMING.

Sailed From Ponce Yesterday—Parting Honors For President.

(By Wire to The Morning Star.)

Washington, Nov. 22.—The Navy Department was advised to-day that the battleship Louisiana with President Roosevelt aboard and convoyed by the battleships Washington and Tennessee, sailed from Ponce, Porto Rico, early to-day for Hampton Roads.

San Juan, Porto, Rico., Nov. 22.—President Roosevelt and his party left San Juan by special train this morning for Darecibo, 40 miles west of this city, where they will enter automobiles, drive to Ponce, and embark for home on board of Louisiana.

Gov. and Mrs. Winthrop accompanied the President to Arecibo and will bid them goodbye at Ponce. The car in which the presidential party traveled was constructed of native wood especially for the Infanta Eulalie when she visited Porto Rico in 1893.

Gov. Winthrop's reception last night in honor of Mr. and Mrs. Roosevelt was the greatest social function in the history of Porto Rico. The executive mansion was not large enough to accommodate the guests invited, who included a large number of the members of the Spanish colony. The President's going by way of Ponce was necessary owing to the fact that it was impossible for him to board the Louisiana outside of San Juan harbor.

MAN AND WIFE KILLED.

Terrific Explosion of Celluloid in Comb Factory.

(By Wire to The Morning Star.)

New York, Nov., 21.—By the explosion of celluloid in the plant of the Bouffard Comb Company on east 75th street today the owner of the buusiness, Charles Bouffard, his wife and a boy employed by him were blown through the window to the street below. The woman was instantly killed. Bouffard is dying and the boy is seriously injured. The explosion wrecked the third floor and fire that followed, though it was soon extinguished, badly burned several employes of adjoining plants, among 300 of whom there was a panic for a time.

MANY SAILORS WERE LOST.

Terrible Results of Wednesdays Storm on Lakes and St. Lawrence.

(By Wire to The Morning Star)

Buffalo, N. Y., Nov. 22.—The gale of Wednesday night and Thursday on the Great Lakes, caused a heavy loss to vessel property and 23 lives. The barge Resolute sank off Toronto and six men were drowned. The barge Athens is proably lost off Sandusky, O., with eight men. All hope for the Athens, however, has not been abandoned. and tugs are scouring Lake Erie for her.

Detroit, Mich., Nov. 22.—The Anchor line package freight steamr Conemaugh, upbound with a valuable cargo of package freight, is ashore on Point Pelee in Lake Erie, pounding hard and filled with water. The Conemaugh went on the Point late last night during the gale. The crew of 22 men were rescued. The steamer is in a dangerous condition and may be a total loss.

Quebec, Nov. 22.—A vessel supposed to be the bark Magda has been lost on Red Island reef with all aboard. She carried a crew of 14 men. When the Norwegian bark Magda sailed from Quebec she carried as pilot Charles Peltetier, of St. Michael. Peltevier has not been landed anywhere and unless he has been carried on sea, the indications are that it is the Magda, which struck on the Red Island reef and went down with all on board.

Toronto, Nov. 22.—Six of the crew of the barge Resolution from Erie, Pa., were drowned this morning, their boat swamping as they were endeavoring to escape from the barge which was sinking. One boat containing five of the crew reached the shore safely.

Detroit, Mich., Nov. 22.—A Detroit News special from Marquette says the steamer Panama, has been found wrecked on Mineral Reef Point, Lake Superior, and that the crew have probably perished.

Sandusky, O., Nov. 22.—The barge Athens, in tow of the steamer Pratt, went down in Lake Erie in the storm last night. The captain and six men of the crew were probably drowned. Capt. Mackey was in command of the barge. The Pratt was bound for Escanaba to Buffalo with iron ore. Capt. McPherson of the Pratt says that the sea was running so high that he was unable to render any assistance to the Athens and the barge went down about 8 o'clock at night.

Grand Rapids, Mich., Nov. 22.—Four of the five men who were caught by last night's storm on the crib work of the new breakwater at the entrance of Holland Harbor, were drowned.

SECOND FINE FOR REBATING.

New York Central to Pay $18,000 in Addition to $108,000.

(By Wire to The Morning Star)

New York, Nov. 22.—Judge Holt of the United States Circuit Court to-day fined the New York Central & Hudson River Railroad Company $18,000 for rebating freight charges to the American Sugar Refining Company.

The fine was the result on an indictment charging the company with rebating in the sum of $26,000 to the American Sugar Refining Company on which charge the defendant company has been found guilty.

Sentence in the case of the American Sugar Refining Company convicted of receiving the rebates, was deferred until next Tuesday on request of counsel for the company.

There were two counts in the indictment against the New York Central and a fine of $108,000 had already been imposed on the first count. In passing sentence Judge Holt denied the contention of the counsel that a corporation cannot be fined. He declared that under the provisions of the Elkins act a corporation is responsible for the acts of its agents.

TO BREAK UP ILLEGAL MERGER.

Stockholder of Baltimore Gas Co. Attempts to Break Combine.

(By Wire to The Morning Star.)

Baltimore, Nov., 22.—A bill for an injunction against the Consolidated Light and Power Company, the Consolidated Gas Company and the directors of the Continental Trust Company was filed in the United States Circuit Court today by Edward H. Litchfield, of New York, one of the stockholders in the Consolidated Gas Company, through local attorneys.

The two lighting companies combined last Summer under the name of the Consolidated Gas, Elictric Light and Power Company, and Mr. Litchfield seeks to have the merger dissolved on the ground that it is illegal and contrary to the principles of the constitution of the United States.

Mr. Litchfield owns 500 shares of capital stock in the gas company. Before the consolidation the gas company's business was flourishing, he claims, while that of the electric company was the reverse. Thinking to protect itself against a formidable competitor, he charges, the electric company determined to absorb the gas company, buying over about 61 per cent. of the stock. The minority stockholders, he avers, were frightened into believing that they could not resist the consolidation.

THE BOSTON FOOD FAIR.

How The North Carolina Exhibit Impressed an Unbiased Writer.

A well known gentleman of Boston, Mass., recently visited the North Carolina exhibit at the Boston Food Fair at the request of the Carolina Trucking Development Company, of this city, in order to give an unbiased opinion as to the merit of the exhibit. It will be interesting to many to know that North Carolina's part in the Fair impressed him most favorably He writes:

"The exhibit is certainly the finest single exhibit in the whole building and is very attractive and instructive. The exhbit is in a large room on the second floor.

"If last night was a fair example, immense crowds are visiting the Fair, and there is no doubt that a great many people visit the North Carolina Exhibit. I talked with Mr. Bruner and Mr. Brimley and they appeared well satisfied with the results. They say that people come to them who have come to the Fair with a particular intention of seeing these exhibits and that many of these people talk to them, and appear to be seeing definite information. They say further that every day there are some who are so favorably impressed they express the opinion that they are likely to go to North Carolina.

"The exhibit is beautifully and effectively arranged showing products of North Carolina, both mineral and vegetable, in a way which I feel sure will take a good many people in this part of the country by surprise. It is very easy from the exhibit to appreciate the great variety of products and also to easily make out which part of the State is suitable for gardening and which part for mining. The North Carolina exhibit is the only State exhibit at the Food Fair, and as I said above, it is by far the finest of any single exhibit. Most of the other exhibits are by different firms showing simply the particular product or products which each concern handles."

SHIPBUILDING ON INCREASE.

United States in Past Year Built 1,221 Vessels.

New York, Nov., 22.—A great improvement in shipbuilding in the United States for the coming year was predicted by Rear Admiral Francis Bowles, president of the Society of Naval Architects and Marine Engineers, in an address at the opening session of the society's fourteenth annual meeting here today. President Bowles said that while the government's record of shipbuilding for the past fiscal year indicates a pitifully smal] showing of steel construction on the seaboard, he was gratified to be able to prophesy a great improvement for the coming year and evidences of a more satisfactory showing for shipbuilding generally than had ever been known in the life of the society.

"During the fiscal year ending Juue 30," said he, "the United States built and documented 1,221 vessels, including canal boats and barges of 418,745 gross tons. Steam steel tonnage increased 118,710 gross tons, while all the other forms of construction together show a decrease. On the seaboard only three steamers of 15,344 tons were built and ten vessels of 16,681 tons for river and bay service. On the great lakes the majority of the tonnage was built, consisting almost wholly of large cargo-carrying vessels, forty in number and aggregating 232,366 tons. It is probable that the output of merchant vessels, almost wholly steam, for the year 1907 will exceed the greatest amount ever built in one year in the United States, namely: 1855, when 583,450 tons were constructed."

Admiral Bowles expressed gratification in quoting the remarks of Secretary Root in his speech before the trans-Mississippi Congress, in favor of the measures advocated by the Merchant Marine Commission for development of foreign commerce under the American flag.

A resolution was adopted to name a committee to thank Secretary Root in a series of resolutions, for his stand in favor of ship subsides.

WEALTHY ASHEVILLE MAN DEAD.

Mr. Francis S. Coxe Died Suddenly in Philadelphia.

(By Wire to The Morning Star)

Philadelphia, Nov. 22.—Francis S. Coxe, of Asheville, N. C., son of the late Frank Coxe, banker and coal operator, died suddenly here to-day. Mr. Coxe who was 40 years old and unmarried, came here from Asheville about 10 days ago and secured apartments at the Belleview-Stratford Hotel where he was stricken. Death was due to a complication of diseases. Tench Coxe, a brother of the dead man, was here to-night to take charge of the body.

—The Inter-State Convention of the Young Women's Christian Association is in session in Greensboro. About 100 delegates are in attendance.

—Mr. C. C. Moore, of Mecklenburg, president of the North Carolina division of the Southern Cotton Association, will address the farmers of Cumberland next Tuesday in Fayetteville.

—Mr. W. J. Galloway's barn, near Hamlet, was burned on Sunday night. All the stock was saved, but a lot of feed stuff was lost. The origin of the fire is unkonwn.

—Fayetteville, Nov. 21.—The Cumberland Savings and Trust Company began business to-day in the building recently occupied by the North Carolina Baptist, corner of Gillespie street, and Market Square. Its officers are: President, Frank H. Stedman, of Wilmington, who will make his home here at the expiration of his term as sheriff; vice presidents, J. F. Post and Dr. J. V. McGowgan; cashier, C. W. Rankin.

—Greensboro, Nov. 21.—The action of State Superintendent Joyner in declining the presidency of the State Normal Industrial School created considerable surprise here. It had been believed that he would accept the place and resign his present office, but when the matter came up for consideration, he declined to accept the place and will continue where he is. The board of directors will employ another teacher to take part of the work now being done by Prof. Foust, dean of the college, who will be continued as acting president until next commencement.

—Kinston, Nov. 21.—A delivery occured from the city calaboose last night. On account of the repairs being made to the jail, the city's lockup had been used as a prison for the county as well as a city jail. Three colored prisoners were in the calaboose. They were all locked in one cell, the adjoining cell being empty, and a plank partition between. The door of the empty cell was open. Outsider entered and with chisel and mallet asisted the prisoners to cut through the plank partition. The prisoners had cut about half through the inch and a quarter plank with a pocket knife from the inside, presumably. No clue to the escaped prisoner's whereabouts nor the hour of their departure has been obtained.

—Raleigh, Nov. 21.—By order of the solicitor, the body of the mysterious unknown white man shot and killed three weeks ago here by Detective H. J. Bivens, of the Seaboard Air Line, was exhumed to-day and photographs taken. Strange to say the face was greatly swollen, black and unrecognizable. Bivens claimed the man was a daring postoffice robber.

Raleigh, Nov. 21.—At the coming term of the Federal Court the case against the two deputy revenue collectors charged with killing a moonshiner in Duplin county, will be tried. The officers say that they have an entirely complete defense. this being self-defense. The shooting was done by Deputy Downing as the man he shot was in the act of raising his gun to fire upon him.

—Fayetteville, Nov. 21.—Fayetteville cannot be called "on a boom" for there is nothing forced or sudden about its present splendid development for which it has been getting ready for some years. Real estate commands high prices. on which there may be an advance as the promoters and stockholders of the street railway company give positive assurance that the line will be in operation by next May. Stores and dwellings are going up, with tenants or owners waiting to occupy them just as soon as finished. A large property owner and business man, who had a fine store building burned in the big fire of last March, made the statement to the corresponent that his site was acutally too valuable to put up a store on for rent, that he would rather sell as it stood. Tenants are now occupying the offices of the upper floors of the handsome structure of the Bank of Fayetteville, on Hay stareet, and the building of the National Bank three stories, on Market Square, is almost finished. It will not be long before the Victory Manufacturing Company will have completed its cotton mill.

THE COTTON MARKET.

By Wire to The Morning Star.

New York, Nov., 22.—The cotton market was moderate and unsettled during today's trading and had quite a sharpe break in prices with the close steady at a decline of 27 to 32 points. Sales were estimated at 450,000 bales. The opening was steady at a decline of 3 to 9 points under liquidation and bear pressure which was encouraged by rather indifferent cables, drier weather in the belt and later by the full estimates of tomorrow's receipts at Houston. Selling also seemed to be based on the new differences announced by the revision committee after its meeting of last night and which in the opinion of some traders did not sufficiently penalize the grades just below middling and the decline catching loss orders on the short side extended to the new level of last Tuesday with January selling at 10.12 and March at 10.31 or about 28 to 30 points net lower. There was some rally from these figures but the improvement was not maintained and the market closed within a point or two of the lowest. Receipts 53,933 at the ports against 61,345 last week and 56,328 last year. For the week 410.00 against 412,648 last week and 391,182 last year. Today's receipts at New Orleans 9,178 bales against 11,598 last year and at Houston 10,779 against 9,231 last year. Spot cotton quiet 20 points down; middling uplands 10.90; middling 11.15; sales 2,000 bales. Futures closed steady; prices follow:

DRY GOODS MARKET.

New York, Nov. 22.—Larger shipments of dry goods are being made daily and customers are requesting earlier shipments than usual. There is a distinctly firmer tone in staple prints and more business is passing. Some lines of brown cottons were advanced during the day. Raw silk is still above the 5 mark and the tone is firm. Openings are being made in the lines of cheaper men's wear and higher prices are being asked in the lines where cotton is a factor in the goods.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

Gives vigor, strength, vitality to your nerves, stomach and every part of your body. It's easy to take; swallow a little Hollister's Rocky Mountain Tea; it does the business. Tea or tablets, 35 cents. J. Hicks Bunting Drug Co.

DEEP SEA FISHES.

There Being Nothing Else to Eat, They Live Upon Each Other.

"All the deep sea fishes are enormous eaters," says a naturalist. "There being nothing to eat but the life about them, they live upon each other. Every facility for killing and devouring is provided—luminescence to dazzle, swiftness and strength to overtake and overpower, knife blade teeth for tearing, abnormally large jaws for crushing. Whatever the prey or however large it may be, there is little trouble in swallowing it. The mouth yawns like a cavern, and the stomach distends to hold a body even larger than the swallower. The appetite in fishes seems never wanting, and complete digestion with some of them is only a matter of half an hour." For this reason slaughter goes on unendingly. Usually it is produced only by hunger, but some monsters, like the bluefish, even when gorged, kill for pure love of killing.

Of the eternal warfare that goes on beneath the surface of the waves the same writer remarks: "They follow the prey like packs of wolves, and in turn are followed, band succeeding band, increasing in size as they decrease in numbers. The herrings eat the smaller fish, even their own young; they are harried by the bluefishes until a trail of blood stains the water, while following the bluefishes come the insatiate porpoises. Nothing saves the weaker ones but breed. Many thousands of eggs are spawned that a dozen or more may be hatched and brought to maturity. Billions are lost; yes, but millions survive.

"The herrings move on the sea in uncountable numbers—in banks that are miles in length and width, in windrows so vast that they perhaps keep passing one given point in unbroken succession for months at a time. Just so with the menhaden. A catch in a purse net of 500,000 is not infrequent. Such numbers are sufficient to withstand all the ravages of the natural enemy. The bass, the haddock and the pollock may kill to their hearts' content, and still the menhaden will hold their own."—Chicago News.

THE BLAST FURNACE.

In Cleaning One It Is Necessary to Use Dynamite.

The function of a blast furnace is the reduction of ores to metallic iron. The iron ore, like stone and coke, is put in at the top and the iron and slag are drawn off at the base. The temperature of the interior of a blast furnace when in operation varies according to circumstances, but the molten iron when drawn off is about 1,500 degrees F., indicating a much higher temperature inside.

To withstand such terrific heat, which is maintained by a powerful blast of air which acts much in the same manner as a forced draft on a boiler, the furnace is lined on the inside with a fine grade of fire brick, thoroughly burned. This wall of noncombustible material is about four feet thick, outside of which is the steel jacket of the furnace, about one-quarter of an inch thick.

The lining of a furnace will last from two to six years, according to the nature of the material smelted, the furnace being in continuous operation during that time. It takes about six weeks to reline a furnace.

After a furnace is "blown out," or ceases to be used, there is a quantity of iron which cools and solidifies at the base of the furnace. This is called salamander, and it is necessary to use dynamite to loosen this material and get it out of the furnace so that repairs can be consummated. Salamander has a ready sale, as it is a fine grade of pig iron.

As a rule, when trade conditions are good a blast furnace is never allowed to cool down or be taken out of blast except at intervals of several years for relining.—Baltimore Sun.

Striking.

"Auntie," said Polly, ruefully rubbing her forehead, "that big photograph of you is a striking likeness, isn't it?"

"Do you think so, dearie?"

"Yes," said Polly. "It just fell off the mantelpiece and hit me on the forehead."

Testimonial No. 570.

MRS. ANNIE E. SHEEHAN, Weir City, Kansas.

You must remember that falling hair and dandruff are signs of decay, or a diseased condition of the scalp, and you must not delay treatment. To do so simply means more loss of hair, and a greater impoverished scalp, and finally no hair. The wise thing to do is to correct it in the start. Danderine works wonders in all such cases. It will quickly regenerate the enfeebled tissues, and make your hair grow more beautiful than it ever was. NOW at all druggists, three sizes.

IT'S IN THE DRAFT.

The secret of the fuel-saving qualities of this Buck's hot blast heater lies in the draft construction. It is so made as to allow large quantities of heated air to pass over the upper surface of the burning coal, thus supplying oxygen to the rising gasses, which are then converted into heating power.

Simple, isn't it? And yet it's new principle in stove building—not to be found elsewhere.

This stove will reduce your coal bill nearly one-third.

Let us tell your of its many advantages.

HONORS PAID TO JAMES WILSON

Remains Disinterred at Edenton N. C. on Tuesday Re-Interred at Philadelphia.

HAD BEEN BURIED 108 YEARS

Dust of Signer of Declaration of Independence Now Lies Beside the Ashes of His Wife—Impressive Ceremonies Yesterday.

(By Wire to The Morning Star.)

Philadelphia, Nov., 22.—In the presence of a distinguished company including a member of President Roosevelt's cabinet, Justices of the United States Supreme Court, the Governor of Pennslyvania and other citizens, the body of James Wilson, one of the great figures in the American revolution, which lay in a North Carolina grave for 108 years, was today placed by the side of that of his wife in the burial ground of historic Christ church. The ceremonies attending the re-interment were simple but impressive and were conducted according to the rites of the Protestant Episcopal church.

The body of the great patriot was disinterred from its grave at Edenton, N. C., Tuesday and was conveyed to this city on the gunboat "DuBuque" which arrived here today before noon. Prior to the services at Christ church the remains lay in state in the declaration room in Independence Hall where thousands of persons filed past the bier. The body was escorted from Independence Hall to Christ church by a troop of Philadelphia cavalry and Justices Fuller, Day, Holmes and White, of the United States Supreme Court, of which tribunal Wilson was one of the first members, acted as honorary pall bearers. On the way to the church the procession passed the grave of Benjamin Franklin, where it halted and stood in silence for a moment. The exercises at the church were conducted by the Right Rev. Alexander Mackay-Smith, Bishop Coadjuster of the Diocese of Pennsylvania, assisted by the Rev. R. Heber Barnes, rector of Christ church.

Tributes to the patriot were delivered by Samuel Dickson, Chairman Color, of the Law Association of Philadelphia, for the bar of Pennsylvania; Dean William M. Lewis, for the University of Pennsylvania; Judge Alton B. Parker, for the American bar; Andrew Carnegie, as lord rector of St. Andrews University, for Scotch Americans, Wilson having been a native of Scotland; Dr. S. Weir Mitchell, for American literature; Justice White for the Supreme Court of the United States; Attorney General Moody, for the President, the tribute of the American people; and Attorney General Hampton L. Carson, of Pennsylvania, who delivered the oration.

The committal services took place in the church yard which was followed by the unveiling of a tablet to the memory of Wilson and his wife.

BRYAN AND SHAW SPEAK.

They Occupied Lion's Share of Attention at Kansas City.

(By Wire to The Morning Star.)

Kansas City, Mo., Nov., 22.—Leslie M. Shaw, secretary of the Treasury, and William J. Bryan had the lion's share of attention today among a long list of speakers at the three sessions of the trans-Mississippi Congress. All spoke on subjects relating to the increase of the commercial business of the country. Mr. Bryan was appointed to head a committee of former presidents of the Congress to escort Secretary Shaw to the platform, and when these two distinguished public men led the way to the rostrum there was great applause.

Secretary Shaw declared:

"If this country ever develops international merchants it will accomplish it by granting them encouragement, not alone by deepening harbors and deepening channels, but by insuring them a merchant marine in which to carry, under the most favorable terms, the products of our farms, our mines, our forests, and our factories. Secretary Root has gone a step further than I propose to go in favor of a merchant marine. He commits himself to the ship subsidy idea. I do not say that I am in favor of a ship subsidy but I will say that I am in favor of anything that will procure a merchant marine for the United States."

Mr. Bryan, whose subject principally concerned the commercial interests of the Mississippi valley region, was the sole speaker at the evening session.

At a session of the resolutions committee today a proposal to endorse Secretary Root's suggestion for a ship subsidy, particularly for mail steamers to South America, was adopted. There is a strong sentiment in the Congress favoring Secretary Root's suggestion.

Attempt to Create Impression That Roosevelt Has Done Great Injustice to Murderers and Those Who Shielded Them.

(By Wire to The Morning Star.)

Fort Reno, Okla., Nov. 22.—The discharge of the members of the Twenty-fifth Infantry (negro) proceeded today. Half a company of negro soldiers were discharged, making a full company mustered out of service since President Roosevelt's order was issued. There remain two companies yet to be discharged as a result of the "shooting up" of Brownsville, Tex. by certain members of this regiment.

Making Heroes of Murderers.

New York, Nov. 22.—The three companies of negro troops discharged from the United States Army by order of the President Roosevelt, will be taken to Chicago, Philadelphia and New York according to a plan announced in this city to-day. The movement i asid to have been started by citizens of Texas.

According to this plan the former soldiers will be clothed and cared for by committees selected for the purpose and plans have been so arranged that any citizen who is interested in the case and who desires to hear the soldiers' side of the story, will have access to the men. How long the discharged regulars will be held together in their company formation has not yet been decided but pains will be taken to see that not a single noncommissioned officer or private suffer for lack of food or lodging and eventually employment. At present the soldiers are at Reno, Oklahoma.

P. H. FITZGERALD IN COURT.

Founder of Towns in Georgia Under Serious Charge.

(By Wire to The Morning Star.)

Indianapolis, Ind., Nov. 22.—Philander H. Fitzgerald, an Indianapolis capitalist, was indicted on two counts by the Federal Grand jury to-day on the charge of using the United States mails to defraud in connection with the "1904 Colony Company" which he has been promoting in Southern Georgia. He gave bond in the sum of $4,000 for his appearance in court Tuesday next.

The colony company has for its object the colonization of a number of people in Southern Georgia. Mr. Fitzgerald has been interested in former colinization companies in Georgia and Texas. A number of witness from Georgia were here to testify before the grand jury.

It is claimed in the charges by L. A. Howarth, of Atchison, Kans., and A. I. Worsford, of Waukegan, Ill., that Fitzgerald purchased 8,000 acres of land in Southern Georgia, founded the town of Fort George and took subscriptions for stock on promises that were not carried out. It is also claimed by Worsford that $35,000 in profits has never been accounted for to the company, which was not incorporated as promised. Mr. Fitzgerald charges the suits are the result of spite work.

(By Wire to The Morning Star)

Chicago, Nov., 22.—Senator Benjamin R. Tillman who is to lecture in Orchestra Hall next Tuesday evening for the benefit of the Chicago Union Hospital, will be asked to eschew all mention of the race problem and the lynching question. This action was decided upon yesterday in accordance with the wishes of Mayor Dunne and prominent colored people of Chicago.

Mr. Tillman's subject will be "Shall The United States Annex Cuba." It was originally intended that the subject should be "The Race Problem." Senator Tillman will be guarded by police while here.

Virginia Supreme Court Decides Against 2-Cent Fare Bill.

By Wire to the Morning Star.

Richmond, Va., Nov. 22.—In the Virginia Supreme Court of Appeals to-day Judge Cardwell handed down a decision affirming the decision of the State Corporation Commission declaring the two-cent passenger rate act pased by the Virginia Legislature contrary to the Fourteenth Amendment of the Constitution of the United States. The case was a test one involving the requirement that the railroads place on sale 500 mile two-cent rate books.

BIG STEAMSHIPS COLLIDE AT SEA

Thirteen Lives Lost and Many Passengers and Sailors Were Injured.

SEVERAL WOMEN KILLED

Impact Between Ships Was Terrific and Hundreds of People on Board Were Thrown Into Panic—Vessel Badly Damaged.

(By Cable to The Morning Star.)

Cherbourg, France, Nov., 22.—Details of the collision yesterday between the North German Lloyd steamer Kaiser Wilhelm der Grosse and the British Royal mail steamer Orinoco show that it occurred at 9 o'clock last night in foggy weather. Thirteen steerage passengers and sailors were killed or drowned. The Kaiser Wilhelm der Grosse and the Orinoco were both outward bound from Southampton, via Cherbourg, for New York and West India ports, respectively. The shock is described as having been terrific, causing panic among the passengers on board the two vessels, especially among the emigrants. On the Orinoco three men and a woman were killed, six women and a man were injured and five persons were knocked overboard and drowned. Four immigrants on the Kaiser Wilhelm der Grosse were killed and eight injured.

When the collision occurred the Kaiser Wilhelm der Grosse was steaming at the rate of seventeen knots an hour from Cherbourg after having touched here on her voyage out. The Orinoco was bound for this port when the accident happened. The commander of the Orinoco claims that he signalled that he was going to starboard of the North German Lloyd vessel but that the latter held her course across the Orinoco's bows and only went to port of the Orinoco when it was too late.

The engines of the Orinoco, it is added, were reversed so soon as it appeared likely that an accident would occur, but she crashed into the starboard bow of the Kaiser Wilhelm der Grosse, making a breach of 12 feet wide. The stem of the Orinoco above the water line was carried away as the vessels cleared after the collision. The shock threw all the passengers off their fet.

The captain of the Orinoco ordered boats to be cleared away but the panic on board of her was general. Some of the crew jumped into and launched two of her boats and several frenzied women attempted to get into them as they were being lowered over the side. One boat was swamped when it struck the water.

As soon as the accident occurred a number of small boats from Cherbourg put out to the scene of the collision and succeeded in rescuing some of the sailors and passengers who were strggling in the waves but five of the crew of the Orinoco are believed to have been drowned.

The Kaiser Wilhelm der Grosse carried 258 first class passengers, including Thomas Sammons, the American Consul general at Uuichwang and Jay White, the American consul general at Bogota, Colombia, recently consul at Hanover. There were also on board 350 second class and 700 third class passengers. The injuries of the steamer are above the water line, but her officers deemed it unsafe to proceed on the voyage. The steamer is not taking water and the damage done is not regarded as very serious. She will probably be repaired at Southampton.

The Royal mail stemer Magdalena will leave Southampton, November 28 for West Indian ports and New York with the mails, passengers and cargo of the Orinoco.

After a trivial quarrel on Wednesday with his bride of three months over the purchase of some furniture, Delos Highland, a farmer living near Casnovia, shot and killed her.
